we make it possible

Legal Apprenticeships.

Stand out from the crowd with Harrison Drury.

Start your career with one of the North West's most respected and regarded law firms

Earn while you learn.

A Legal Apprenticeship is a new and exciting way to kick start your career in law.

What is a solicitor apprenticeship?

The solicitor (level 7) apprenticeship is a six-year programme which integrates a law degree with on-the-job training leading to qualification as a solicitor.

This is an excellent opportunity to qualify as a solicitor whilst gaining valuable and varied work experience in a challenging yet supportive legal environment. It comes with a salary and the chance to develop a long term career at one of Lancashire and Cumbria's leading law firms.

What are we looking for?

We are looking to offer ambitious and hard-working candidates an opportunity to pursue a career in law without having to incur the cost and often debt associated with attending university full time.

Candidates should have a strong academic and extra-curricular record and should be predicted to achieve at least BBB at A-Level (or equivalent), as well as 5 GCSE's, grade 5 or above including English and Maths.
